

TWENTY-NINE LIVES LOST IN COLLISION AT SEA.

STEAMER SAGINAW SUNK BY THE HAMILTON.

Cut to Water's Edge, Goes Down in a Fog and Carries Crew and Many of Her Passengers.

NEW YORK, May 5.—A dispatch from Norfolk reports that the Old Dominion liner, Hamilton, and the Clyde liner, Saginaw, were in collision and that a number of passengers were drowned.

The Saginaw is a freight steamer with accommodations for about forty passengers and she had been in service between this city and Richmond and Norfolk for about two years.

She was commanded by Captain James Tunnell, of this city and carried all of her crew of about twenty men who were shipped here.

An official of the Old Dominion said: "The collision occurred at 4:30 today in a thick fog off the Delaware Capes near Winter Quarters lightship.

"Ten or twelve people are missing, supposed to be drowned. They were passengers and two members of the crew.

"The Saginaw was struck in port, aft quarter, which was cut off, leaving a big opening in her hold. The sea ran in and she sank within half an hour after the collision.

"The body of the stewardess of the Saginaw has been recovered."

HAMILTON SLIGHTLY INJURED.

The Hamilton, of the Old Dominion Line, was only slightly damaged, having her stem and a few plates twisted. She proceeded on her way and arrived at Norfolk, Va. today.

HOW IT HAPPENED.

A long distance telephone report to the Evening World places the number of dead at twenty. The collision occurred at 12:40 a. m. off Hog Island. The Saginaw was bound for Philadelphia from Norfolk. She carried a crew of forty men and twenty passengers. The Hamilton carried a full crew and more than one hundred passengers.

DENSE FOG.

Soon after passing the Jersey coast the Hamilton ran into a fog which lasted all night. It is believed that this fog is responsible for the accident. The Hamilton was going at three-quarters speed off Hog Island when the passengers were suddenly thrown from their berths and to an instant all was confusion and as the passengers managed to reach the deck they learned there had been a collision. In the fog could be seen dimly, across the bows of the Hamilton, a steamer about her own size. Those on board the other steamship shouted that they were sinking and in reply to questions answered that their boat was a Clyde Line steamer and that the name was the Saginaw.

CUT CLEAN THROUGH.

The Saginaw had been struck about twenty feet from the stern on the starboard side and her stern had been cut through as cleanly as if it had been done by men with dry dock.

The stern sunk almost immediately and the forward part drifted several hundred yards.

As soon as possible the boats of the Hamilton, which had been made ready after the collision, were lowered. The thick fog made it impossible for the crew of the Hamilton to work quickly and in a few minutes before the boats reached her the Saginaw was going down. She settled slowly and then went down with a suction that almost drew the boats of the Hamilton after her.

CRIES OF VICTIMS.

In the darkness could be heard the cries of those on the Saginaw. In the water and clinging to the wreckage were a number of persons and as many as possible of these were pulled into the boats of the Hamilton.

When the survivors were taken on board the Hamilton they were made comfortable and, after waiting around

PAULINE ASTOR MUST CHOOSE.

NEW YORK, May 5.—Evidently not sharing the love of pomp and blue blood that has made her millionaire father so unpopular in many circles in this country, Miss Pauline Astor, daughter of William Waldorf Astor, is seriously considering refusing the hand of a crown prince in order to yield to the promptings of love. Prince Ferdinand of Bulgaria is reported eagerly seeking the hand of the fair American. So also is "I one" Brattiano, who although only a commoner, is Crown Minister of Roumania. Miss Astor is said to love the Roumanian and may have refused the prince for his sake.

CALIFORNIA WELCOME TO THE PRESIDENT.

How Chief Executive Will Be Met and Escorted in Southern Part of Golden State.

LOS ANGELES, May 5.—At every town of importance from Barstow, where the presidential party will enter California from Arizona, to Los Angeles, preparations for the reception of President Roosevelt are complete.

They will spend barely forty-eight hours in the southern part of the State, arriving at Barstow at 8:30 a. m. Thursday and departing from Los Angeles early Sunday morning. Every hour of this time will be fully occupied. From Barstow the run will be made without stops until Redlands is reached at noon Thursday.

THE GOVERNOR.

There the President will be introduced to the State of California by Governor Geo. C. Pardee, and joint committee, Teddy's Terrors, the Republican organization of Los Angeles, will go to Redlands tomorrow and, wearing their Rough Riders' uniforms will greet the President Thursday and assist in his reception at Redlands, San Bernardino and Riverside. Their special train preceding the Presidential party back to Los Angeles as a "pilot" train.

At Redlands the Terrors will present to the President the official emblem of the organization, a counterpart of that worn by its members, except that it is made of gold. It consists of a book horn handled, silver-plated hunting-knife about two inches long, to which is attached a miniature American flag.

GOLD MEDALLION.

Pendant from the flag and attached to it by thin gold bands is a handsome gold medallion carrying a raised engraving of President Roosevelt in rough rider uniform seated on a brown bear and in the act of throwing a leather rattle. On the face of the badge are the words: "Teddy's Terrors, Los Angeles." On the reverse is engraved, "Presented to Theodore Roosevelt, by his friends, Teddy's Terrors, Los Angeles."

AT RIVERSIDE.

After a drive about the city, the presidential party will leave Redlands at 3 p. m. for San Bernardino, where two hours will be given over to a visit of that city. Returning from San Bernardino, the President's train will arrive at Riverside at 6 p. m. Thursday and remain there until 8 o'clock Friday morning. Riverside will entertain the party with din-

MIDNIGHT BELLS TOLLED AT WILLOWS.

Atmosphere of War Over Renewal of the Liquor Licenses By Town Trustees.

WILLOWS, Cal., May 5.—Willows is in the throes of a temperance war. Last night, a remarkable meeting was held when the Town Board of Trustees was called upon by a large number of men and women petitioning that body to refuse licenses to saloons, the local licenses having expired.

Every liquor dealer in town was present and there was a decided atmosphere of war.

The Trustees refused to take action and the church bells were tolled until midnight.

The temperance workers say that their petitions have been buried alive.

HARRIMAN AND MOHLER IN CONFERENCE.

Purpose Seems to Be to Extend Californiat Road Into Southern Oregon.

SAN FRANCISCO, May 5.—An important conference was conducted today between President Harriman, of the Southern Pacific and President A. L. Mohler of the Oregon Railway and Navigation Company.

Mohler arrived in this city from Portland this morning, accompanied by W. W. Cotton, secretary and general attorney of the Oregon Railway and Navigation Company and Theodore Wilcox representing the commercial bodies of Portland.

Directly after their arrival the Northern officials proceeded to the Southern Pacific offices, where they remained in conference with Harriman until noon, relative to the extension of the Southern Oregon line as an extension of the Oregon Railway and Navigation Railroad.

It is rumored says the Bulletin that this was the least important matter discussed at the meeting and Harriman is considering a Southern extension to

the Columbia Southern road, which is a southern branch of the Oregon Railway and Navigation Company, which extension will, in time meet the northern extension of the California and Northwestern.

It is said Harriman's purchase of the California road was a step to building a line into Oregon. Construction at the northern terminus of the California and Northwestern is being rapidly pushed. The line now extends some miles above Willets and as a result of today's conference with the officials of the Northern road, surveys may soon be made in Oregon to meet the California road.

The Oregon Railway and Navigation Company is said to have recently merged its interests with the Oregon Short Line, which has passed under the control of the Union Pacific. In event of a southern extension of the Oregon and Navigation, therefore, the Union Pacific would operate a transcontinental line to San Francisco by way of Portland.

RELIANCE BEATEN BY COLUMBIA.

GLENCOE, May 5.—The new cup defender Reliance was beaten by the Columbia in about half an hour's sailing off Glencoe late this afternoon, the boats sailing close hauled and beating into Glencoe in a seven-knot breeze. They

made two short tacks and the Columbia from a position on the Reliance's quarter, sailed through the Reliance's breeze and when she reached her moorings in the cove was nearly a quarter of a mile ahead of the Reliance.

SAN FRANCISCO, May 5.—The Legislative Committee appointed to meet President and who will extend to him a cordial welcome to the State, started for the South this morning in a special train.

Tomorrow they will be guests of the town of Redlands where the President is to first set foot on California soil. Nearly all of the gentlemen were accompanied by their wives and there were several newspaper men in the party.

W. H. DIMOND DIES IN HONOLULU.

A dispatch from Honolulu says that W. H. Dimond, president of the Honolulu Merchants' Association, died in that city on April 23 of collapse following illness from pleuro-pneumonia and bronchial troubles.

He leaves a widow and two children. The deceased was the eldest son of the late General W. H. Dimond, and was born in Honolulu August 8, 1850. He was a member of California chapter of the Loyal Legion, in right succession to his father, who served on the Union side during the Civil War. Edward H. and Henry W. Dimond of San Francisco were brothers of the deceased, and Mrs. Jos. Tobin and Mrs. Eleanor Jarboe were sisters.

CIVIC SERVICE INVESTIGATION.

SAN FRANCISCO, May 5.—The investigation of the charges that Civil Service Commissioner McCarthy had proposed to traffic in questions for the examination for milk-inspector in the Health Department was begun this morning by Mayor Schmitt. At noon the Mayor expressed his opinion that McCarthy was innocent of the alleged offense. The examination was continued, however, and an order declaring the recent examination for Milk Inspector null and void.

HUNTINGTON TO MEET HARRIMAN.

Comes From Los Angeles to Settle Railway Contest.

SAN FRANCISCO, May 5.—H. E. Huntington arrived in this city from Los Angeles today and the rumor is received that he will soon have a conference with the President of the Southern Pacific.

According to the Bulletin, Harriman is eager to meet his antagonist in the transportation field of Los Angeles and arrange an amicable settlement of the present difficulties. He is hopeful that, after a conference, matters can be so arranged that Huntington's street railway interest will not clash with the Southern Pacific in Southern California and that Huntington may reconsider his present attitude and withdraw his resignation as vice president of the railroad company.

DROPPED FOUR STORIES.

SAN FRANCISCO, May 5.—A. F. Nelson, a window cleaner employed on the name of the Claus Spreckels building fell from the fourth-story window this morning and sustained injuries which may prove fatal.

Little is known about how he met with the accident, though it is known that he lost grip on the window and at the same time toppled over. He was cleaning a window in the rear of the building, and dropped into the area which is some feet lower than the street in front.

When he fell, he was standing on a ledge of the left elbow, numerous contusions and abrasions and internal injuries. The doctor thought that the latter injuries may be so serious as to prove fatal.

SANTA FE IN FESTAL GARB.

All Classes Turn Out to Honor the Chief Executive.

SANTA FE, N. M., May 5.—President Roosevelt spent three hours and twenty minutes today in this city, whose historic buildings and monuments seemed to be of intense interest to him. At the capitol he made an address, speaking for twenty minutes to an audience of fully 10,000 people.

President Roosevelt said it was a great pleasure to him to come to New Mexico, from which territory more than half of the members of his regiment came. "I know the people of New Mexico," he said, "and I am fond of them." He congratulated the people of New Mexico on what they had accomplished and said he believed they were on the verge of greater things. Much will depend on the spirit of the people," said the President. "But the government can help some what and the government will help."

The President said the benefits of forest preservation and irrigation to be enjoyed by this section will do most towards bringing New Mexico to statehood and making it one of the great States of the West.

A brief reception was held in the capitol, after which a drive was taken over the gaily-decorated streets, all of which were thickly lined with a cheering multitude.

ROOSEVELT A GODFATHER.

A stop was made at San Miguel Church, the oldest church edifice in the United States and the cathedral where the Vicar General Anthony Fourchegu baptized the son of George W. Armijo, a sergeant in the rough riders. President Roosevelt being godfather. The child was named Theodore Roosevelt.

After this pleasing incident, the President addressed 2500 school children, including 350 pupils in the uniform of the United States Indian School, the students of St. Michael's College, of Loretto Acad^y, St. Catherine's Indian and the Presbyterian Mission School. The roof of the historic old palace and the roof of other buildings surrounding the plaza were thronged.

The drive was continued to Fort Marcy from which a superb view of the city and surroundings is obtained. Here Mayor I. H. Stephens presented the President with an illustrated volume of the city's history. The book is in a cover of gold filigree work, set with large turquoise and was the product throughout of Santa Fe skilled workmen.

Luncheon was served at the residence of Governor A. Otero, in front of which was a triumphal arch on which stood a girl, as Goddess of Liberty, strewing flowers upon the President.

As the President re-entered his carriage the original ode was sung by the school children and the President stood up in his carriage and waved his hat lustily.

A visit was made to the New Mexico Historical Society's Museum, after which the party returned to the depot, the train leaving at 12:30 p. m. A large detail of rough riders in uniform served as a guard of honor here and there, and these accompanied the party to Albuquerque. The Cleveland, Ohio, Grays, who happened to arrive on an excursion, took part in the exercises.

Four large arches and many lesser ones, formed part of the scheme of decorations which exceeded everything that Santa Fe has thus far seen.

Private Secretary Loeb arrived here last night and joined the President. Governor M. A. Otero and other territorial officials accompanied the President to Albuquerque.

ENGLISH WANT DUTY ON FOREIGN GRAIN.

LONDON, May 5.—The opposition to the proposal of the Chancellor of the Exchequer, Mr. Ritchie, to abolish the duty on grain, which has been voiced by numerous chambers of agriculture, crystallized in a meeting of the Associated Chambers of Agriculture in London today. With only three dissenters, the large assemblage, after a hot attack on Mr. Ritchie's "wobbling policy" in connection with this tax, passed a resolution strongly condemning the proposed action and appointing a deputation to call on Premier Balfour and confer with him on the subject. It is not believed the protest will have any effect.

Answering a question in the House today, Mr. Ritchie held out little hope of the millers getting a refund of the duties paid on imported grain which they may still have on their hands when the tax is abolished July 1.

COLLIDE BUT SUSTAIN SLIGHT DAMAGE.

SOUTHAMPTON, May 5.—The Atlantic transport liner Marquette, Captain Richardson, from London May 4 for New York, and the North German Lloyd steamer Preussen, Captain Prehnke, from Hamburg Sunday for the Far East, collided during a fog in the channel last night. Both steamers put into this port for repairs. It is not expected that they will be delayed very long. The Marquette's stern was stove in above the water line and part of her railing was carried away. The Preussen's bow was stove in.

WANTS HER INSURANCE.

Mrs. Isabella Martin has begun suit against the Westchester Fire Insurance Company for \$1,200 unpaid insurance on a cottage burned at 1534 West street last June. She also asks for \$25,000 and \$500 a day while she is kept away by reason of the suit from mining properties in Maine from this city. The project is to build from the head of navigation on the Coco River, Nicaragua, to connect with the National Railway of Metagun, while a main line will be built through Honduras into Salvador. The line will shorten haulage from Pittsburg nine days. The capital stock is \$10,000,000.

PERFECTLY IN HARMONY WITH LEGISLATIVE COMMITTEE.

LOS ANGELES, May 5.—Governor Pardee and staff arrived in Los Angeles this morning from the north. It is the Governor's intention to join the Legislative Committee either here or at Redlands and extend a welcome to the President.

Concerning the dispatch from San Francisco last night, which stated that there had been some friction between the Legislative Committee and the Governor's party as to what train the latter should reach Redlands on, the Governor said today:

"I had certain private business to transact in Los Angeles, and I came down in advance of the Legislative Committee to attend to it. There is no clash with the Legislative Committee and I intend to join that body in extending California's welcome to the President."

"There is no story that I came independently of the Legislative Committee. I learned that certain of the members of my staff desired to come South and, as I had business in Los Angeles we arrived a day ahead of the Committee. That is all."

Justice W. C. Fleet of the State Supreme Court, who accompanied the Governor said:

FORESTERS MEET IN SANTA CRUZ.

SANTA CRUZ, May 5.—The grand court of the Foresters of America convened in its annual session at Odd Fellows' Hall this morning. There was a large attendance of delegates. Grand Chief Ranger Wolf of San Francisco presided. The morning session was occupied by the reading of the reports which were referred to committees.

In his annual message the grand chief ranger recommended that \$100 per annum be set aside as a contingent fund for his use.

Instead of engaging special organizers, the money raised through the special tax was devoted to strengthening courts already in existence, with flattering results. The growth of the order entitles California to twenty supreme representatives.

It was suggested that the matter of preserving landmarks of California be referred to a special committee to prepare proper resolutions; also that the appropriation be made. It is also suggested that permanent headquarters for the order be established in San Francisco. During the past year, the grand chief ranger traveled over 6000 miles. Grand Secretary J. J. Cordy reported total membership of 15,507. During the year there was an increase of 477 members. The total decrease was 2139, of which 1825 were suspended for non-payment of dues, making the net increase, 2497. The total receipts were \$275,739; expenditures, \$242,100; balance in all funds, \$281,562. The net increase was \$39,462.

San Diego has the largest membership, 505; Santa Cruz is second with 333. San Diego initiated 238 members during the year. Court Golden Gate of San Francisco has the largest pro rata of funds, \$4773. In the counties, San Francisco made the largest gain with 710; Alameda comes next with 258.

There was a grand parade this afternoon, participated in by visiting delegates and local members of the order.

CRANE WILL DRAW A LARGE HOUSE.

What gives promise of being an exceedingly large advance sale is that which is now on for William H. Crane's appearance in the dramatization of "David Harum," at the Macdonough Theater, Monday, May 11. There is no questioning the fact that extraordinary interest centers in the production of this play. As a story of life in Central New York the book has a tremendous vogue and the play is drawn from it will, in all likelihood, find favor for many years. Thus far, the play has won much success and it contains a great many things which appeal to the average theater-goer. ALLEGED INSANITY OF LINDEMAN.

The wife of Hugo Lindeman, 3903 Grove street, a contractor, took desperate means to curb her husband's indulgence in liquor yesterday by swearing to a complaint charging him with insanity. Lindeman's examination took place before Judge Hall this afternoon, who was decidedly ludicrous in places. He had been in confinement long enough for the effects of his last spree to have dissipated. Mrs. Lindeman was not on hand to aid the examination with any suggestions and the doctors and judge were forced to go through the formality of asking him the questions usually addressed to demented persons.

It was a novel experience for Lindeman, who stated that it was the biggest surprise he had had this summer but was unable to account for his wife's act in charging him with loss of mind. Apparently Lindeman was as sane as his examiners, but as Judge Hall said to him, when Lindeman, on his own behalf, asked to have the charge against him dismissed:

"You look all right, but you may be as crazy as a dick for all that."

Lindeman had to join in the laugh against himself, but after an uncomfortable half hour, was released on his "O. R." upon the promise to appear in court again when summoned. In the meantime the case was put over for a week.

WANT MORE WAGES IN ALAMEDA

FIREMEN'S RAISE FOLLOWED BY DEMAND FROM POLICE AND STREET GANG.

ALAMEDA, May 5.—The employees in the public service in this city seem to have become suddenly infatuated with a desire to have their salaries increased. The infatuation has spread from one department to another with remarkable celerity.

At last night's meeting of the City Trustees the ordinance recently introduced raising the salaries of firemen was passed without a murmur. The increases per month, which will take effect immediately, are as follows: Chief Knauth, from \$100 to \$105; Engineer Hans Nelson, from \$75 to \$80 and the firemen—L. Holmstein, George Findlay, M. G. Curries, Gus Wagner, Albert Reichsbrauth and Edward Hayden, from \$50 to \$55 a month.

POLICEMEN, TOO.

A petition signed by a number of prominent citizens praying that the salaries of the policemen be raised from \$80 to \$100 a month and of Sergeant Knapp from \$90 to \$110 also came up, and State Senator Knowland and Chairman W. S. Scott addressed the trustees in its favor. The speakers pointed out that the police were asking only the same rates as were being paid in other cities, that in Alameda they were doing excellent duty in protecting life and property, while their living expenses had recently increased with the upward trend of prices.

President Forderer said he saw no objection to raising the salaries of the policemen, if the charter provisions permitted. It was decided to refer the matter to the trustees in committee or

the whole at their meeting on Friday, the 15th inst.

The employees of the street-cleaning department also applied for an increase of wages. At present they are being paid at the rate of \$2 a day. They do not specify the amount of increase they desire. It was decided to consider this petition likewise in committee of the whole.

Too Great a Risk.

In almost every neighborhood some one has died from an attack of cholera or cholera morbus, often before medicine could be procured or a physician summoned. A reliable remedy for these diseases should be kept at hand. The risk is too great for any one to take. Chamberlain's Colic, Cholera and Diarrhoea Remedy has undoubtedly saved the lives of more people and relieved more pain and suffering than any other medicine in use. It can always be depended upon for sale by Osgood Bros., Druggists, Seventh Street and Broadway.

KINDLY ACT OF MRS. J. G. CARLISLE.

NEW YORK, May 5.—Mrs. John G. Carlisle, wife of the former Secretary of the Treasury, was driving on Fifth avenue yesterday afternoon when one of the horses slipped, bursting a blood vessel. Mrs. Carlisle was on the way to the Thirty-fourth street ferry when the horse fell. While waiting for a veterinary who had been summoned, Mrs. Carlisle sat on the asphalt pavement and put the animal's head in her lap. She patted and rubbed it and talked softly to the horse, endeavoring to soothe it, while a crowd gathered and watched the actions of the elderly woman seated in the middle of the street.

THOMPSON TELLS OF CONDITION OF ALAMEDA ELECTRIC LIGHT BOOKS.

ALAMEDA, May 5.—"The newspaperer's notoriety I have received in connection with the balancing of these books has been very unpleasant to me. The matter has been the subject of remark to me at breakfast, dinner and supper. I think I have been treated unjustly. Nothing but the appointment of an expert will put my position right before the public." These words were uttered by George S. Thompson, at the meeting of the Town Trustees last night in reference to the charge that he failed, as manager and book-keeper of the Municipal Electric Light plant, to strike a trial balance of the books during the year of his incumbency. Mr. Thompson who resigned the position to accept another in San Francisco, at the beginning of last month, evidently felt very keenly about the matter and made further remarks insisting that an expert be appointed. Continuing, Thompson said: CARRYING ALONG ITEMS.

"An ordinary book-keeper will be unable to understand the system under which the books were kept. It was impossible to balance the books at the end of the year, it having been the custom to receive goods during the year for which at the close of the year, we had not received the bills. Items had been carried along in this way from one year to another and it was impossible to strike a balance. Mr. Wittich was collector and never had anything to do with these accounts. I have furnished a cash-statement of all sums collected."

All the Trustees were present, namely, Joseph F. Forderer in the chair; Dr. H. M. Pond, William W. Bowers, B. E. Combs, and C. J. Hammond.

In reply to Chairman Forderer, as to the selection of an expert, Trustee Bowers of the Light Committee said that he had not appointed an expert and that the books were in very bad shape.

After further discussion Trustee Bowers was empowered to secure the services of an expert and remarked that he would probably be able to secure a man this week.

MEMBER BOARD OF HEALTH.

The next important business was the appointment of a fifth member of the Board of Health. In accordance with his suggestion at the last meeting that this member be not a physician, but a layman, Dr. Pond nominated D. C. Henry, a civil and hydraulic engineer, of 1171 Central avenue.

Trustee Bowers seconded and Mr. Henry was declared elected. The new appointee will take the place of Dr. Maurice W. Brown who is spending the summer in the Yosemite Valley.

WITTICH IN CHARGE OF ELECTRICITY.

Trustee Bowers reported that the Light Company had placed J. H. Wittich collector for the department in charge of the electric light office at a salary of \$85 a month, being an increase for him of \$10 per month and had appointed as his assistant Arthur Goldwater at a salary of \$50 a month. The committee was empowered to advertise for bids for a new heater for the electric plant and 20,000 pounds of carbons which will be purchased in the East.

The Superintendent of Streets reported that the signs proposed to be erected at all the city street crossings would cost \$225 at the lowest. There were 300 crossings and 600 signs would be required. The matter was not acted upon, the Trustees deciding to wait for further and more detailed information on the subject. The salary list of the Street Department amounting to \$2,114.55 was passed as also regular bills including the cost of the electric light plant for February and March amounting to \$5,569.53.

PAVE SANTA CLARA AV.

ALAMEDA, May 5.—Residents of Santa Clara avenue, between Park and Oak streets are agitating for the improvement of the part of the thoroughfare. A petition from them on the subject was presented at the meeting of the City Trustees last night. It was referred to the Street Committee. The petitioners claim that this section of the street should be bituminized and generally kept in as good condition as any portion of Park street.

VOGEL SHATTERED IN MIND.

SAD EFFECT OF FAILURE OF THE ALAMEDA STREET FAIR AND FESTIVAL.

ALAMEDA, May 5.—It is just possible that the people of this city will be, to use a common expression, rather shy of carnivals for sometime to come. With the departure of the rear guard of the shows from the grounds of the Spring Festival and Merchants' Exposition this morning, memories of a festive but unprofitable week are still green in the minds of many Alamedans.

As to the exact amount that the directors and Camp Encinal, No. 757, Woodmen of the World, will have to face in unpaid bills, it proved next to impossible to obtain any fresh information today.

All the managers who took so active a hand in the promotion of the festival while it appeared to flourish were not in evidence at the show grounds or in any part of Alameda this forenoon. Instead, rough and ready teamsters, some of whom hardly appeared to know who had hired them, were hauling off the remnants of the show paraphernalia, when a Tribune reporter visited the grounds.

It transpired this morning that another creditor is the Cole Electrical Company, who have lodged a claim of \$400 for lighting the grounds. Attorney Howard James has been retained to defend the carnival people but they had considerable trouble on account of the lights.

It is understood that the claim of Mr. Atwood, the lumber contractor, amounts to \$1400. One thousand dollars of this has been secured by the bonds of a guaranty company.

There is some disposition to feel sympathy for Anton N. Vogel, the director-general of the fair. Mr. Vogel is well known in the city and has a place of business on Park street. He has not been seen out of doors since Saturday when it was first reported that the affairs of the festival were in a disordered condition. It was said today that Mr. Vogel is suffering from an attack of nervous prostration. Inquiry at his home by telephone today elicited the information from his father-in-law that the director-general had been taken away from his home, the speaker could not tell where, and was now in care of a physician.

In connection with the ill-fated festival quite an amusing incident occurred at the meeting of the City Trustees last night, when a communication was read asking for their approval of an approaching carnival in Oakland. The trustees looked at each other with rather uncertain glances, beneath which considerable merriment could be detected, while the communication was being read. Mr. Bowers ultimately relieved the situation by moving that it be placed on file, saying: "We have had experience with a broad-gauge carnival that is likely to last us for some time." Here the matter dropped.

ELLIS AS POLICEMAN.

ALAMEDA, May 5.—Captain Thomas Ellis has applied for a position on the police force. His application is backed by a petition signed by forty-three members of the West End club. A new policeman for this section has been talked of for some time.

There are fourteen policemen on the regular force at the present time and about half a dozen applications for positions on hand.

ALAMEDA, May 5.—Chief F. K. Krauth of the Fire Department is on a four-days' vacation as allowed under the law. In his absence Assistant Engineer Frank Millington is in charge.

MAY HAVE PERISHED IN FACTORY FIRE.

CHICAGO, May 5.—Fire, early today, destroyed the building occupied by the J. A. Olsen picture frame factory and a number of adjoining buildings at Oakley avenue and Fulton street, entailing a loss of \$66,000. Seven families were forced to flee hastily clad to the streets. One man is missing. The fire followed an explosion in the picture frame factory and spread to all parts of that structure before the department arrived.

MISS FLOSSIE WALKER DIES FROM APPENDICITIS.

HAYWARDS, May 5.—Miss Flossie Walker died last night as the result of an operation for appendicitis at the County Infirmary. The deceased was 20 years of age and was the only daughter of Mr. and Mrs. Charles H. Walker, who reside in Castro Valley. The date of the funeral has not yet been set.

MILL'S FOUNDERS REVERED.

DAY DEVOTED TO THEIR HONOR WELL OBSERVED AT WELL KNOWN COLLEGE.

Founders Day, the annual celebration in honor of those who helped establish Mills College was held in the institution today. It was attended by hosts of people and former students of the well-known institution of learning. The feature of the day was the dedication of the pipe organ just completed in Lissner Hall.

The morning exercises consisting of the following musical program, began at 10:30 a. m. Fantasia on theme of Handel, "Lift Up Your Heads, O Ye Gates," (Gullimant), by Dr. H. J. Stewart; invocation by Ramond C. Brooks; hymn, "Holy, Holy, Holy"; scripture recitation, Twenty-third Psalm: "The Lord Chord" (Sullivan), by the choral class; address, Rev. Charles R. Brown; organ solo, "Consolation," in D flat (Liszt); Dr. H. J. Stewart; dedicatory prayer, Rev. George Moor; "Trust in the Lord" (Handel), choral class with violin obligato by Miss Will Finley; hymn, "All hail the Power of Jesus' name"; Doxology; benediction; organ, Grand March in D (W. T. Best); Dr. H. J. Stewart.

LUNCHEON.

Following the morning exercises, the senior graduates were admitted to the Alumnae Association, after which Mrs. Mills gave a luncheon to the Alumnae and the senior girls.

AFTERNOON.

In the afternoon there was an organ recital by Dr. H. J. Stewart in which the following classic selections were given:

"Suite Gothique" Boellmann; "Choral" "Mener Gothique," Priere de Notre Dame; "In Paradisum," Dubois; "Minuet" (Symphony in 3 Minor) Stern-Sale-Bennett; "Toccata and Fugue," in D Minor, Bach; "Priere" in E Flat, "Fantasia" in B Flat Minor, Caldearis; "Triumphal March," Bendict; transcription by Dr. H. J. Stewart.

The choral class was under the direction of Alexander Stewart and was composed of the following young ladies:

First sopranos—Miss Reams, Miss Husted, Miss Wittenmyer, Mrs. Robbins, Miss Blake, Miss Sanford, Miss Hunter, Miss Whitlock, Miss Carrie Hopkins, Miss Mina Rice, Miss Hadley, Miss Shipman, Miss Della Neal, Miss Merrill, Miss E. Costa, Miss Knapp, Miss Day, Miss Scott, Miss Alice Robbins, Miss May Kluegel.

Second Sopranos—Miss Willie Finley, Miss Balcom, Miss G. Costa, Miss C. Bennett, Miss Bessie Smith, Miss Branch, Miss Mohn, Miss Case, Miss Nannie Van Zandt, Miss Cain, Miss Loebenstein, Miss Estelle Kleeman, Miss Ellis, Miss Frink, Miss Berry, Miss Hills, Miss J. Van Zandt, Miss Domino, Miss Aldrich, Miss Bowen, Miss Makee, Miss Hart, Miss Ben, Miss McDermott, Miss Dodge, Miss Dowsett, Miss E. Smith, Miss Burgess.

THE ORGAN.

The new organ is a beautiful instrument in appearance and in tone. It was erected for Lissner Hall by the Mills family. It is finished in white and gold, the Mills colors. It is blown by a one and a half horsepower electric motor, installed in the building for that purpose.

Escaped an Awful Fate.

Mr. H. Higgins of Melbourne, Fla., writes: "My doctors told me I had Consumption and nothing could be done for me. I was given up to die. The offer of a free trial bottle of Dr. King's New Discovery for Consumption induced me to try it. Results were startling. I am now on the road to recovery and owe all to Dr. King's New Discovery. It surely saved my life." Higgins writes: "I am now on the road to recovery and owe all to Dr. King's New Discovery. It surely saved my life."

A prominent Southern lady, Mrs. Blanchard, of Nashville, Tenn., tells how she was cured of backache, dizziness, painful and irregular periods by the use of Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—Gratitude compels me to acknowledge the great merit of your Vegetable Compound. I have suffered for four years with irregular and painful menstruation, also dizziness, pains in the back and lower limbs, and fitful sleep. I dreaded the time to come which would only mean suffering to me. "Better health is all I wanted, and cure if possible. Lydia E. Pinkham's Vegetable Compound brought me health and happiness in a few short months. I feel like another person now. My aches and pains have left me. Life seems new and sweet to me, and everything seems pleasant and easy. "Six bottles brought me health, and was worth more than months under the doctor's care, which really did not benefit me at all. I am satisfied there is no medicine so good for sick women as your Vegetable Compound, and I advocate it to my lady friends in need of medical help."—Mrs. B. A. BLANCHARD, 422 Broad St., Nashville, Tenn.

When women are troubled with irregular, suppressed or painful menstruation, weakness, leucorrhoea, displacement or ulceration of the womb, that bearing-down feeling, inflammation of the ovaries, backache, bloating (or flatulence), general debility, indigestion, and nervous prostration, or are beset with such symptoms as dizziness, faintness, lassitude, excitability, irritability, nervousness, sleeplessness, melancholy, "all-gone" and "want-to-be-left-alone" feelings, blues and hopelessness, they should remember there is one tried and true remedy. Lydia E. Pinkham's Vegetable Compound at once removes such troubles. Refuse to buy any other medicine, for you need the best.

A Severe Case of Womb Trouble Cured in Philadelphia.

"DEAR MRS. PINKHAM:—I have been cured of severe female troubles by the use of Lydia E. Pinkham's Vegetable Compound. I was nearly ready to give up, but seeing your advertisement I purchased one bottle of your medicine, and it did me so much good that I purchased another, and the result was so satisfactory that I bought six more bottles, and am now feeling like a new woman. I shall never be without it. I hope that my testimonial will convince women that your Vegetable Compound is the greatest medicine in the world for falling of the womb or any other female complaints."—Mrs. MAX COPE, 2660 Birch St., Philadelphia, Pa.

Remember, every woman is cordially invited to write to Mrs. Pinkham if there is anything about her symptoms she does not understand. Her address is Lynn, Mass., her advice is free and cheerfully given to every ailing woman who asks for it.

PAINE'S CELERY COMPOUND.

**SUPERINTENDENT M'CLYMONDS
MAKES EXPLANATION TO
SCHOOL BOARD.**

The northernly line of Yerba Buena avenue and extending northerly to the northern boundary line of the city of Oakland was shown on a certain map delineated on a certain map marked "part of plot 6 of Kellerberger's map of Vincents and Dominguez Peralta's ranchos, filed in the County Recorder's office March 1, 1889" as hereby declared closed, vacated and abandoned streets, provided that the said street shall apply to that portion of said Halseck street only lying between the northernly line of said Yerba Buena avenue and a line parallel thereto distant 325 feet northerly from said northernly line of Yerba Buena avenue and

"this ordinance shall take effect from and after its approval."

The matter was referred to the Ordinance and Judiciary Committee.

Weariness, insomnia, impure blood, and nerve troubles make life a burden for our women in springtime. Accumulations of waste and morbid matters in the blood impede the normal flow of life, and retard the life stream, causing the liver to become sluggish, and the kidneys are suffering and unable to remove waste and impurities from the blood. Now is the time for the sick and ailing to strike at the root of trouble. The month of May should be a time of recuperation and health. The ailments of spring can be successfully accomplished by the use of **Paine's Celery Compound**, the only medicine that can correct unhealthily habits, and make the body strong and vigorous with elements that will build them up into healthy tissues. Try **Paine's Celery Compound** this month if you are suffering with weak, languid and nervous habits. The blessed results will follow. Mrs. Rebecca C. Rowland, Lexington, Ky., writes as follows:

"Some time ago I had a very severe attack of Grip, and it left me with a cough. Then kidney and bowel troubles set in and I became so weak that I reeled when I walked. I was so nervous I could scarcely feed myself and could not sleep. I consulted several doctors, but did not get rid of my ailments. I chanced to hear of some wonderful cures wrought by **Paine's Celery Compound**, and I bought a trial. I did so, and it cured me of my troubles. I thank God that **Paine's Celery Compound** was discovered. It made me strong, and I can now walk and get up sleep. People say to me: 'You look younger than you did ten years ago,' and I reply that **Paine's Celery Compound** is the reason. I shall be glad to give **Paine's Celery Compound** while I live for all it has done for me."

The board is about to go before the people with a proposition to bond the city for new school houses, but with these figures, who knows but that by the time the new ones could be got ready, all the children could be comfortably housed in the old ones. To say the least, the census takers have placed the board in a somewhat awkward quandary. One hundred and forty-one does not look much, but when taken into consideration with the information that the population of the city is about to increase by 100,000, the board is in a somewhat awkward quandary.

Superintendent McClymonds stated that he had tried in different ways to reduce the totals, but the figures were of a durable. He thought that possibly former years people had stuffed the room by giving in more children than they really had. It, however, sounded somewhat absurd and the members gave vent to a forced laugh. In support of the census takers, the Superintendent stated

DENVER, May 5.—The News today says:

Director Isaacs reported that the plans for the new six-room building to be built at the Garfield school were being pushed rapidly forward by the department mechanic.

It was recommended by Superintendent McClymonds that commencement day at the university at Berkeley be decided on as a general holiday for the public schools of Oakland, instead of May 25. The matter was referred to the committee on rules and regulations.

Attention was called to the fact that many scholars by leaving school in the middle of the term escaped paying

breakage in the chemistry and physics departments, and it was suggested that a deposit of \$1 be demanded at the beginning of each term from pupils, which could be returned in case no charges were against them at the end of the term. The matter was also referred to the committee on rules and regulations. The meeting then adjourned.

Style in Ladies' Tailored Suits

Proper style does not necessarily mean exaggeration of detail in dress. The most unassuming of people may appear in gowns brimful of style; if they are fitted by those who know how. Style is most subtle and elusive and demands no less a master than an artist. This explains the pleasing effect of our new summer models in tailored suits for ladies and misses. They are better than the majority of those you see on the streets, and which doubtless cost more than we ask.

The 1904 tailored costumes are priced from \$15.00 to \$65.00. Here is one that seems to be unusually good for the money.

\$25.00 Etamine suit in the popular brown, navy or black; cape collar and cuffs trimmed with silk tabs and black and white fancy buttons; the blouse waist trimmed with three wide, horizontal bands of taffeta, hanging free and giving flounce effect; postillion finish; skirt has just that flare which fashion says is now correct; it is trimmed with three horizontal bands of taffeta to match waist. This swell suit would not be overpriced at \$30.00.

The New Corset Jacket

They are made with close seams stitched so as to resemble corset seams.

The result is to secure a neat fitting and neat appearing summer jacket.

Made of tan covert cloth, 24 inches long—the new length; velvet collars, lining of taffeta. Prices are \$15.00, \$17.50, \$21.50.

The Dress Trimming Section

from its plenitude of good things would call special attention to a new arrival of fancy silk braid trimming.

They are in black, white, black and white, also in two and three toned effect. Widths are from 1 inch to 2 inches. Prices, 5c to 50c yd.

New Lot of Fancy Bead Chains

Many varieties in many colors—coral, turquoise, amber, white, pink and gray. 25c, 35c, 45c and up to \$2.00.

Demonstration of the Goodness of Capsheaf Safety Pins.

This object lesson of how to use these clever pins is being given daily in the store. Capsheaf Pins cannot catch the goods, having no coil; they are easily closed and cannot come open. Mothers, especially, cannot fail to be interested in the work of the demonstrator.

WEARY WAITING FOR ROLLER.

SAN LEANDRO'S BIG WHEEL IS USELESS AND RUSTING IN SAN FRANCISCO.

SAN LEANDRO, May 5.—The Town Trustees, at their meeting last night, established a new cemetery for the dead dogs of the town. Hereafter, defunct canines have been given sepulture in the rear of the Town Hall, but this proximity to the business district has caused the departed to keep themselves more or less in the attention of the public, something which has not been eagerly sought for by the people. Accordingly, the dogcatcher will hereafter give the deceased canines burial in the distant dumps at the foot of Estudillo avenue.

FOUND-MASTER.
The City Attorney was instructed to prepare an ordinance for the creation of the office of pound-master.

IMPROVING STREETS.
The Street Committee reported progress in the matter of improving the thoroughfares of the town and, among other things, that Hopbush street was nearly finished.

The board, however, became indignant over the fact that the street roller, which had been ordered some time before, had not gotten any nearer to this town than San Francisco and that it had been there for the past ten days.

The clerk was instructed to notify the manufacturers in the East, from whom the machine had been ordered, that unless

the roller were delivered here immediately the order would be cancelled.

HASTINGS' COLLECTIONS.
Colonel Hastings turned in to the treasury \$48, which he had collected to defray the expenses of placing the cannon and shells in the plaza.

TOWBOAT ENGINEERS' STRIKE IN BOSTON.

BOSTON, May 5.—The strike of the marine engineers which has tied up the Boston Towboat Company and its craft, has not, as anticipated in some quarters, effectually checked the towboat business of Boston Harbor. Two trans-Atlantic liners have been berthed by the use of other companies. Independent towboat companies say they will do all the work they can get, which formerly has been done by the Boston Towboat Company. The independent say they have not been officially notified by the union to reject towing work held under contract by the Boston Towboat Company, but it is believed the union will make some move in this direction.

HUNDRED MILES FITZGERALD-GANS OAKLAND MEETS FOR TROPHY ARTICLES. SENATORS

TENTH ANNUAL RACE WILL BE HELD NEXT SUNDAY.

The 100-mile relay bicycle race under the auspices of the California Associated Cyclists will be run next Sunday. It will be the Tenth Annual Race and the first for the valuable trophy cup which will be presented by Walter B. Morrill with the condition that it must be won three times in succession before it becomes the permanent property of any club.

Five clubs have announced their intention of entering teams in the race and as they are all evenly matched, an exciting race can be looked for. They are the Garden City Wheelmen, Oakland Wheelmen, Eden Cyclers, California Cycling Club and New Century Wheelmen.

Each team will consist of ten men, each of whom will ride a relay of ten miles carrying a packet which they will deliver to the next relay. The transfer of the packet must be made within a distance of 100 yards of the finish of each relay. Trailers will be allowed, but they must start a minute's time behind their man and will not be allowed to make pace or interfere with any of the other contestants. A violation which if proved will result in disqualification.

The start will be made in San Francisco from Larkin and McAllister streets and will run down through San Mateo and Mountain View to San Jose and up on this side of the bay to the finishing point on Central avenue in Alameda. The full charge of the race is in the hands of the Associated Cyclists of which C. L. McEnerney is chairman.

The local team is unusually strong this year and stand a very good chance of winning the race. The Garden City of San Jose also have a strong team.

SPOKANE BOY GETS HURT RIDING BRAKES.

A runaway boy from Spokane, Washington, who was touring the world by way of the brakes, fell under a train in the Butcherblock district yesterday afternoon and had both his feet badly crushed. Several of the toes of each foot had to be amputated, but it is hoped his feet may be saved to him. He was taken to the Receiving Hospital in the police patrol, where he gave the name of Harry Cook and said his age was 17.

It was only yesterday morning that Cook was liberated from the County Jail, where he had been sentenced to serve a sixty-day sentence for vagrancy. He was leading the life of a hobo and was arrested by the police. He stated that he had run away from home at that as soon as he had been given his liberty he went down to the railroad and attempted to jump a north-bound train for Washington when the accident occurred.

FAIR FOR SAINT COLUMBA'S CHURCH.

There will be a fair held in the fall for the benefit of the Church of St. Columba, at Golden Gate, for which arrangements have already been commenced. At the initial meeting volunteers to superintend the several tables were appointed as follows:

Golden Gate table—Mrs. T. Torrey, Mrs. James Rourke and Mrs. J. J. O'Rourke.
Emeryville table—Miss Matthews, Miss Sheehan and Miss Amelia Brazil.
Alameda table—Mrs. James Dolan, Miss Cuff and Mrs. Koughan.
Candle table—Mrs. J. J. Finn and the McConner.
Refreshment table—Mrs. J. Bloomer, assisted by Mrs. M. Lawrence and others.

FIRST BAPTIST. RUMMAGE SALE.

Tomorrow will be the last day of the rummage sale for the benefit of the building fund of the First Baptist Church under the auspices of the Ladies Aid Society of that church. The sale is at Third street and Broadway. On the day mentioned the goods on hand will be sold at auction.

FIND STOLEN EXPRESS MONEY.

BRITT, Iowa, May 5.—Three thousand dollars of the money which Express Agent Peterson says was stolen from him last week has been found beneath the company's building here, according to a statement made today by Inspector Barnes. The robbery occurred in the day-time and three packages containing \$4,000 are alleged to have been taken. Peterson still insists that he was robbed.

Al Herford, manager for Joe Gans, is in receipt of the articles of agreement for the Fitzgerald-Gans match, which is to take place in San Francisco on Friday evening, May 23. Herford stated that the articles were perfectly satisfactory in every way, except a few minor details, which he would correct and will then sign them. The agreement calls for 133 pounds at 3 o'clock and provides that the referee shall be selected at least one week before the fight.

From the time Jimmy Britt entered the professional arena and drew his color line up to his valuing his determination, both Gans and his manager have been loud in their efforts to make a match with the Californian, but the minute Britt withdrew his color line they do not seem so anxious and are quibbling about weight. Gans insists on 135 pounds at the ringside or 133 at 3 o'clock which is the same thing.

Everyone familiar with prize fighting knows that 135 pounds ringside is the light-weight limit and if Gans cannot or will not make that weight, then he must forfeit the title of light-weight champion of the world.

The action of Herford and Gans is bound to have the effect of making the light-weight limit and if Gans cannot or will not make that weight, then he must forfeit the title of light-weight champion of the world.

In an interview at Portland yesterday, Herford had the following to say about Britt: "We will pay absolutely no attention to Britt unless he first puts up the \$100 for a fight that has been demanded. Then, and not before, he can begin to talk business with us. Gans is not so anxious to meet Britt as the Californian would intimate in his declaration, and, as I said, when the subject was first broached, the match will be at 133 pounds at 3 o'clock, or 135 pounds at the ringside. If Gans is successful in defeating Fitzgerald I am of the opinion that public sentiment will demand that Britt take on Gans or quit the ring."

SPORTING NOTES.

The directors of the Reliance Athletic Club will hold its regular monthly meeting at the club rooms tonight. This will be the first regular meeting of the new board and a number of officers and standing committee will be appointed to serve for the ensuing year.

Eddie Graney has been selected by the representatives of Joe Gans and Tom Tracey, to referee their fight in Portland on the evening of May 13. Graney was the most acceptable to the two men.

Frank Erno is matched to fight Warren Zurbich of Buffalo before the International Athletic Club of Fort Erie on May 28. The contest will be at 135 pounds and will go twenty rounds. This is Erno's first match since he was defeated by Jimmy Britt.

Kid Carter is the favorite in the betting for his match with Sam M'Vey of Oxnard, which takes place in Los Angeles tonight. Both men are in excellent condition and the promoters are looking for a stiff fight.

AMATEUR BASEBALL

The boys of the Twenty-third Avenue Baptist Brotherhood were defeated Saturday by a score of 22 to 11 in a game of ball, played with the boys of the First Baptist Brotherhood. It was the first game of the league, but as two-thirds of the Twenty-third Avenue Brotherhood's first team were at Sunset Park, it was necessary to fill the vacancies with the small boys of the second team.

Next Saturday the second game of the league will be played at Thirtieth and Magnolia street, and if all the first team are on hand, the Twenty-third Avenue boys hope to gain the victory.

Last evening the boys of the First Baptist Brotherhood and Twenty-third Avenue Baptist Brotherhood gave a farewell reception to C. Mitchell, the founder, at the Twenty-third Avenue Baptist Church. An interesting program with illustrated pictures was provided. No admission was charged.

IS GANS AFRAID OF JIMMY BRITT.

Oakland and Sacramento commence the second week of their series at Golden Gate this afternoon and Pete Lohman has promised that he will have his men do a whole lot better this week than last.

There were a couple of games up North yesterday afternoon and so the following table shows the way the teams now stand:

Club	Won	Lost	Pct.
Los Angeles	24	7	.774
Sacramento	20	11	.646
San Francisco	19	14	.576
Seattle	13	18	.419
Oakland	12	23	.343
Portland	7	22	.241

By bunching the hits in their part of the ninth inning, San Francisco won from Park Wilson's team at Seattle yesterday by a score of 10 to 9. After having the game clinched, San Francisco tried to give it back to Seattle by some of the worst work ever witnessed. Meany allowed a long fly to fall at his feet after watching its flight through the air and then followed a long line of mis-plays that netted Seattle six runs.

Portland had their contest with Los Angeles well in hand yesterday when they punched errors and the game went to Morley's men by a score of 4 to 3. In the eighth inning Shaffer put Spies out by using that ancient trick of hiding the ball up his sleeve.

For using vulgar language during the Portland-Los Angeles game yesterday, Wheeler, Spies and Dillon were fined \$5 each by Umpire O'Connell.

TEAMSTERS' STRIKE CRIPPLES OMAHA.

OMAHA, Neb., May 5.—The strike of the teamsters and restaurant men is beginning to be felt keenly by the business interests. Not a ton of coal is being delivered and the wholesale houses are unable to handle their wares to and from the freight depots. A number of large buildings have been compelled to shut down elevating closing down for want of fuel, and at the hotels the same difficulty is experienced. To add to the serious situation the teamsters have added 100 more men to their ranks and the Horsehoers' Union has voted not to shoe horses driven by non-union men.

ELECTION AND BIG STRIKE IN OMAHA.

OMAHA, Neb., May 5.—City elections are being held in Omaha and Socialists are being elected to the city council. The issue is purely local, but has been one of the hardest fought in several years. There are four candidates in the field for Mayor. The strike of 2500 trades union men has been injected into the campaign, naturally increasing their chance for success.

WANT NEGRO PRESIDENT.

NEW YORK, May 5.—William Pickens, the negro who won the Junior Exhibition prize at Yale, has been asked to become the head of a new Afro-American republic to be established in Hayti, says a World dispatch from New Haven, Conn. In his oration which won the prize Pickens discussed Hayti's freedom and declared against it.

The scheme is to effect a conquest of the island of Hayti by American negroes and to set up a government, Utopian in character. The junta of the movement is at Sturgis, Ky., and the correspondent of the society is N. L. Musgrave. He asks that Mr. Pickens act as secretary and board member in this section and says that the Yale man would eventually be chosen as President of the society. It is also suggested that he take the lecture platform and raise funds for the organization.

Mr. Pickens when seen said that he had the matter under consideration and would seek advice before enlisting his services in the movement. In discussing the plan he said: "Innovations and novelties in the methods of Government are proposed after Hayti has been overcome. While the government would be republican in its political formation, it would be administered as a gigantic corporation of all the members of the society would be stockholders. All land titles and franchises would be vested in the State. All dangerous and incorrigible criminals will be provisioned and set adrift on the sea to seek other shores. "Agriculture, manufacturing and all other profitable industries are to be encouraged. "Public schools are to be established and liberty is to be widespread but the rights of each individual are to be bounded by the equal rights of every other."

SURGEON FOR THE SOUTHERN PACIFIC

The following order has been put into effect:

- San Francisco, May 4, 1903.
- Circular No. 47.
- Effective this date, Dr. F. K. Ainsworth, division surgeon of the hospital department at Los Angeles, Cal., is appointed superintendent and chief surgeon of this company's hospital department, with headquarters at San Francisco, Cal. vice Dr. M. Gardner, deceased.
- J. KRUTTSCHNITT, Assistant to President.
- Approved: E. H. HARRIMAN, President.

BRILLIANT STUDENTS WILL RECEIVE HIGH DEGREE.

ARTHUR S. KING.

BERKELEY, May 5.—After years of patient work, marked by some brilliant achievements in his chosen field, Arthur S. King will take his public examination Friday for his degree of doctor of philosophy. The work of the young student in preparing his thesis has been of great scientific value, and in granting him his degree the University gives him only his just desert for work done. For several hours King will be subjected to a cross-fire of questions from his examiners, who, arrayed in their academic robes, will lend an air of dignity to the occasion. And for several hours King will defend his thesis, which is an account of his experiments with the spectrum. It is in the physics laboratory that King has achieved his greatest success. His work with the spectrum analysis having won recognition at home and abroad. Upon the carbon arc analysis he is considered an authority. Results obtained through mathematical calculations and theories he has proved experimentally, and that for the first time in the history of science. Among the most important of his publications was an article that appeared about a year ago on "Dispersed Bands," which won praise from no less a scientist than the distinguished German scholar, Professor Kayser of the University of Bonn. After taking his degree King will spend three years studying in Europe, probably in Berlin, his work at the University having won for him a Whitting scholarship. When he has completed his studies he will very likely be called back to California. King was given the degree of B. S. in 1890, and two years later the degree of M. S. For a time he was employed in the Recorder's office. The members of the faculty who will examine King are Professor Slate, Professor Lewis, Professor Stringham and Professor Wierzyński.

Women need not Suffer

Three years ago, when the gripple was epidemic in Chicago, I was in a very weak, nervous condition and suffered with female trouble. I was taken sick with the gripple, suffered severely, then had a relapse, and was given up by my friends. My stomach was in such a weak condition that it refused food, and my menses stopped for five months, and the blood flowed from my mouth and nose at times. In this trouble Wine of Cardui was tried, and I was glad to find that it helped my appetite. I began slowly but surely to mend. I would use no other medicine, and although the doctor tried hard to have me stop using it and to take his prescriptions, I felt Wine of Cardui was helping me, so I kept on taking it. I am glad now that I did, for I found that it met my expectations fully, and within four months I felt better and stronger than I had ever done in my life. I cannot say too much in its favor.

Mrs. Lena Roushe
Press Correspondent, Ladies of the G. A. R.

Female weakness invites any kind of complication from other diseases. But the woman who takes Wine of Cardui will have healthy organs of womanhood and be able to throw off any temporary ailment. She will not be annoyed every month with suppressed or profuse menses—the one poisoning her blood with the waste matter which cannot escape, and the other draining her life blood and weakening her nerves.

Wine of Cardui is a perfect regulator of the menstrual flow. It never fails to bring lasting benefit to the most chronic cases of menstrual irregularity, and in nineteen out of twenty cases effects a permanent cure.

If you are a weak woman fearing the coming of each month, take Wine of Cardui, and the menstrual function will be a source of health instead of a torture. Wine of Cardui is a tried medicine, which has worked many hundreds of thousands of wonderful cures like that of Mrs. Roushe. Her case was a very aggravated one; few sufferers are as far gone as she was. If Wine of Cardui cured her it will surely cure you. Go to your drugist to-day and secure a \$1.00 bottle of Wine of Cardui and take it in your home. You need not suffer when this great medicine can be obtained so easily.

If you think you need advice, address, giving symptoms, "The Ladies' Advisory Department," The Chattanooga Medicine Co., Chattanooga, Tenn.

UNIVERSITY CADETS PASSED IN REVIEW.

Annual Military Field Day Marks Close of Years—Company E. Wins Banner.

BERKELEY, May 5.—With the band playing martial airs, and the campus thronged with interested spectators, the University of California cadets were passed in review yesterday by Colonel Henry De H. Waite, head of the Department of Military Science, and Captain W. T. Johnston of the Fifteenth Cavalry. It was the annual military field day and competitive drill that marks the close of the year's work for the cadets. The work of the students was of such a high order that Captain Johnston, at the close of the day said that it was the best drilling he had ever seen at any university or academy.

At 9 o'clock the drilling began when Captain Johnston, flanked by Colonel Waite, Lieutenants L. J. Rancourt and Jason Marion Walling of the Nineteenth Infantry and Colonel G. W. Bauer of the alumni officers, held a position near the main avenue and scrutinized the student soldiers as they passed in review. After that the companies came to a halt and submitted to a rigid inspection. Captain Johnston examined the arms and accoutrements of the soldiers very carefully and was generally pleased with what he saw.

Inspection was followed by competitive company drill to see which should carry the banner next year. Lieutenants Rancourt and Johnston were the judges. Captain Robert Sibley and Captain Allen G. Matthews' companies were so evenly matched that the judges ordered them to compete again. In the end the decision was given to Captain Matthews' company (B).

Following the competitive drill, last evening the names of the student officers who were recommended for the colonelcy and the lieutenant colonelcy of the regiment, both of whom may be admitted to the regular army. The colonelcy was awarded to Robert Sibley and the lieutenant colonelcy to Henry B. Dewing, Allen P. Matthews, James H. Wise, Charles P. Stern and Otto Schuize were appointed majors.

The following appointments of cadets to commissioned officers' places were made by Captain Waite:

ness' is a condition we find in many cities—men and women absolutely breadless. For these we have provided food depots and wood yards, where they can get a meal by working for it. We do not want to pauperize people, and so make them work for what they get.

"Lawlessness, or criminality, is our greatest problem. It is believed that 75 per cent of the criminals can be reclaimed if properly dealt with. We have opened 'prison-gate' homes, and after first dealing with the men in prisons receive them when they come out. We take them to homes and give them employment and strive to divorce them from their criminal instincts. Godlessness is the last problem. In this we seek through association and prayer to rescue the man from his godless, careless state and of-fer to him the light of heaven."

BERKELEY WILL NOT PLAY SANTA ROSA.

BERKELEY, May 5.—The Berkeley High School baseball team has decided not to play Santa Rosa for the championship of the A. A. L. The team won the championship of the northern sub-league and therefore had a right to try for the A. A. L. pennant. But she failed to notify D. W. Brewer, chairman of the A. A. L. baseball committee of her intention of competing in the finals and thereby forfeited her right to enter. Later, however, Santa Rosa claimed a right to challenge the winner of the Palo Alto B. H. S. game. Berkeley won the latter and with it the championship and does not feel obliged to give Santa Rosa a try at it.

WHEN ROOSEVELT COMES.

BERKELEY, May 5.—The plans are now practically completed for the President's visit to the University of California on Commencement Day, May 14.

President Roosevelt will embark from San Francisco at 9:30 a. m. and come to Berkeley on a special train, arriving at Berkeley station at 12:30 a. m. Entering his carriage and escorted by cavalry, he will be driven up Center street, on which platforms will be built so that the school children of Berkeley may have opportunity to see and greet him.

At the Commencement exercises to be held in the New Amphitheater, there will be a few words by Governor Pardee and addresses by the student speakers—Robert Sibley and Mr. Allen P. Matthews to represent the college at Berkeley, and Mr. Jesse H. Steinbart of the Law Department, to represent the professional schools, and deans, commissioners, and the University medal will be conferred by President Wheeler. President Roosevelt will deliver the Commencement address. Immediately after the Commencement exercises President Roosevelt and his party will be driven to President Wheeler's house for luncheon. At 1 o'clock the President will take a special trolley car at the head of Telegraph avenue. This car will be sent straight through to Oakland.

CANNED GOODS BY LIFE IN ORIENT THE MILLION. BY TEW.

HAYWARDS CANNERIES PREPARE TO OPEN AND TO EMPLOY 1000 HANDS.

HAYWARDS, May 5.—A large force of men is at work in Hunt Brothers' cannery, getting the factory in readiness for the coming season, which will open when the cherries begin to come in, probably about June 1st.

Ten new cottages of three rooms each have been built alongside the street car track. These buildings are more commodious and beautiful than the old ones, being higher from the ground, and provided with a front veranda. There are now 120 houses in the settlement, all painted light brown with dark brown trimmings.

The cannery will employ from 800 to 1000 hands this year, as the new cottages were deemed necessary in order to keep the enlarged force.

The benches and stools in the main room of the works have been repainted a bright blue, and the room has been thoroughly cleaned.

The lavatories have been removed from the interior of the building, to a new addition erected for the purpose, so that the sanitary condition could be improved.

The cooking room is being entirely overhauled. The old Baker cooks are to be repaired and a new Dixon cooler will be installed. The new machine will extend the length of the room, a distance of 100 feet, and will increase the capacity of the cannery one-half. A 60x12 foot addition to the warehouse is in process of construction. The cans and packing boxes have been distributed in their proper places so the works can start running full blast immediately upon the receipt of the first consignment of cherries.

The outlook is for a very favorable year as all the crops in the vicinity seem to be doing fairly well. With a good average crop, such as will very probably be secured, the factory will be able to turn out 4000 cases of canned goods every day during the season.

ASK MORE WAGES OF S. P. R. R. GIFT OF CANDY SUSPECTED BY WOMAN.

RATE WANTED IN SACRAMENTO HIGHER THAN THOSE PAID HERE.

The report has come from the Sacramento shops of the Southern Pacific Company to the effect that the blacksmith shop employees have made a demand for higher wages. On Saturday they filed the demand with their foreman, C. G. Pearl, and asked that first-class men be paid 50 cents an hour. For the second-class men they ask 45 cents and hour and 40 cents for third-class men.

Special helpers, such as men working on punchers and hammers, put their demand at 80 cents an hour and the ordinary helpers will be satisfied with 27 cents for an hour's work. Inquiry at the West Oakland yard reveals the fact that the men employed in the blacksmith shops there are perfectly satisfied with the wages they have been receiving. The scale of compensation at West Oakland is not as large as that demanded by the men at Sacramento.

FERRY FREIGHTER IS IN FOR GENERAL REPAIRS.

The ferry freighter *Thoroughfare* was taken off the regular run yesterday and sent into the long wharf where she is to undergo a thorough overhauling and general repairs. The ferry steamer *Piedmont* which has been in dock for the past two weeks for overhauling and repairs to her deck has been finished and has resumed her regular run. All the ferry steamers are given repairs at least twice a year and, as soon as she can be spared the *Berkeley* will be in for much-needed cleaning and bottom scraping.

OTHER ROADS ARE TO BE SPRINKLED WITH OIL.

Superintendent Palmer of the Southern Pacific Company has announced that the road bed of the Berkeley local will be sprinkled with oil as soon as the job of oiling Seventh street is completed. The work so far on Seventh street has been highly satisfactory and the aim, a dustless thoroughfare, has been attained. The probabilities are that all of the local lines will be treated in the same manner and the system of water sprinkling will be abandoned entirely.

NOTES AND PERSONALS

GATHERED ABOUT THE YARD.

Captain William Thompson accompanied by his wife, has gone to Kingsburg to join his daughter, Mrs. H. Enos, on her two weeks' vacation.

Jack Heaney, of the machine shop, has returned to work. He has been absent for the past two weeks on account of the death of his mother.

Al Aiken and Stephen Cullen of the machine shop, took a trip to Alvarado on Sunday. They went on a motor tandem and made the trip in an hour and a half. They report having had a fine trip.

An unusually large number of cars, both passenger and freight, are in the car shops undergoing repairs and changes this week.

A large shipment of piles for the Lucin cut off across San Lake passed through the yards yesterday.

Harry Carman of the air department, returned to work today after a flying trip to Hollister.

BENEATH CANOPY OF FLOWERS

GORGEOUS ARCH OF BLOOM FOR ROOSEVELT AT FRANKLIN AND FOURTEENTH STREET.

A meeting of the Executive Committee on the Reception to President Roosevelt was held yesterday afternoon in the headquarters of the committee, No. 522 Twelfth street.

President Chamberlain occupied the chair. It was voted to suggest to the Committee on Decorations that the arch at Fourteenth and Franklin streets be of such dimensions as to practically form a canopy of flowers under which the President's car will stop and under which he will be transferred to his carriage.

WORK FOR SCHOOL CHILDREN.

The following circular has been issued by City Superintendent of Schools J. W. McElmonds:

MEMORIAL DAY.

"On May 30th, Memorial Day, the beautiful service of decorating the graves of the departed soldiers will be held by the Grand Army of the Republic. The children of our schools are asked to participate in this ceremony. It is the request of those in charge that five boys and five girls from each of the schools of the city, accompanied by the banner of said school, take the nearest street car line (and the banner will guarantee street car fare), so as to be at the cemetery at 7 a. m. Transportation for the children to and from the cemetery has been arranged.

FLOWERS.

Principals will please announce in the various rooms of their schools that the Grand Army of the Republic desires that the children bring flowers to their respective school buildings on the morning of Memorial Day, at or before 8:30 o'clock. The children should be encouraged to perform this service. Janitors will have the school building open and be present in person to receive the flowers at 7 a. m. These flowers will be called for about 9 a. m.

EXERCISES.

Principals will hold appropriate exercises in the various class-rooms during some part of the afternoon of May 29.

THE PRESIDENT.

President Roosevelt will visit Oakland on May 14. A full holiday will be given on that date and special notices as to the location of the various schools will be sent later.

STILL HUNTING FOR BOODLE.

ST. LOUIS, May 5.—Attorney-General Crow stated today that so far as the investigation into the investigation into legislative boodling has not ended with the adjournment of the Cole County Grand Jury and if the new evidence now accumulating warrants it, an effort will be made without delay to have another jury called.

Grand Jury summoned as witnesses today, Representative Louis J. Tibbatts, Colonel Emmett Newton, of Springfield and former Lieutenant Lee, Senator Frank H. Harris of Steelville is wanted as the witness by Circuit Attorney Folke, but he has not been seen at his home in Steelville since April 24.

ELK'S MINISTRELS MAKE A HIT.

JACK MATTHEWS. PETE SLOAN. NORMAN BOYD. WM. DAVIS.

Professional minstrelsy has lost its hold upon the people of this city, for the reason that the companies which now travel and give performances in black face have not the merit of presenting what is new in acts or songs and are equally deficient in that intelligence which ought to enable them to distinguish between what is good and palatable, even though it comes down from other days of the profession.

Such, however, is not the rating of amateur minstrelsy in this city, the latest evidence of which was given in appreciation of the magnificent performance by the Elk minstrel-makers at the Macdonough Theater last night.

EVERYTHING GOOD.

Everything was good, everything was bright, new, catchy and mirth-provoking. The jokes were conceived with intelligence, dressed with skill and developed by degrees in patient and continuous rehearsal.

The company comprised all the well-known comedians, singers, musicians and talented members of Oakland Lodge of Elks, all under capable management, working with heart and mind, and all enjoying the confidence, acquaintance and appreciation of the public.

UNIQUE SCENE.

When the curtain was rung up the house was as dark as Erebus, a novelty in amateur performances in this city. By degrees, like the dawning of day, the stage became suffused with a golden light, and on it stood revealed a half a hundred of the members of Oakland Lodge of Elks dressed like cherubs in shrimp-pink tights, baby frocks, baby shoes, baby stockings and, in fact, in every way attired as babies and presenting a grand aggregation of inmates of a kindergarten. The head of each member of this chorus was surmounted by a large, bushy blonde wig, the effect of which was irresistibly funny.

In the midst of these st. Dr. Tisdale, who acted as interlocutor, the doctor

STRIKERS ATTACK WORKERS

BROADWAY IN NEW YORK LINED WITH POLICE FOR DISTANCE OF SEVERAL MILES

NEW YORK, May 5.—Several hundred Italian strikers made a demonstration today before the diggers and shovelers employed on the Muscogee dam at the water works improvements in the Bronx and succeeded in driving them from their work. The laborers at work on the dam for Contractor J. B. McDonald have announced their strike in defiance of the wages paid and said they would not strike. But the strikers who have harassed the McDonald contractors, especially along the subway, said they would drive them from the trenches, and they appeared at the dam several hundred strong.

The first laborers to start to work were hooted and howled at. A few stones were thrown, and as the number of laborers increased a leader in the crowd of strikers said something in Italian and made a dash on the works. The laborers dropped their tools and fled. Not wishing to mix with the police, the strikers dispersed. The police kept all strikers moving today and with the numerous officers on the ground, there was a line of blue in Broadway from Forty-second to One Hundredth streets. Strikers were not allowed to gather at street corners. The strikers had 400 pickets along the line of work.

A number of iron workers employed in the subway were forced to quit work by a lack of material and men to work it.

PHYSICIANS AND SURGEONS MEET.

NEW ORLEANS, May 5.—With many distinguished physicians, surgeons and scientists present, the fifty-fourth annual meeting of the American Medical Association opened today at Tulane Theater. President Frank Billings called the meeting to order and, after, spoke briefly in acknowledgment of the several addresses.

President Billings presided and presented his annual report.

The reports of the secretary, treasurer, and various committees were read. Simultaneously with the opening of the meeting of the house of delegates, the several sections into which the association is divided, opened their sessions in various halls, hotels and churches.

ONEIDA BUCK AS MINISTER.

GREEN BAY, Wis., May 5.—Cornelius Hill, chief of the Oneida Indians, last survivor of the famous Six Nations of New York State, will be ordained as a priest of the Episcopal Church June 24 on the reservation near this city.

AMENDMENTS CONFIRMED.

SPRINGFIELD, Ill., May 5.—The senate today confirmed the house amendments to the Muller bill.

IS INNOCENT OF CHARGE.

BROTHER OF THE MURDERED GIRL MAKES A STATEMENT ABOUT THE CASE.

LORAIN, Ohio, May 5.—For the first time since the tragedy Cassimer Reichlin, the younger brother of the murdered girl who was in the house last Thursday night when the crime was committed, has told how Father Walser, Agatha and Cassimer spent the evening in talking and singing, all retiring between 10 and 11 o'clock. Cassimer says he was awakened about 1 o'clock by the priest rushing into his room and stating that burglars were in the house. He arose and ran to his sister's room and found her lying in her bed, covered with blood and dead. He then searched the house but found no one.

Continuing Cassimer said: "I went down stairs and called Central and told the operator to notify the police. The dog gave two sharp barks and then I spoke to him. Fifteen or twenty minutes later the police arrived. In the search we found fresh mud on the attic floor and under the attic window and a ladder. I pulled in the ladder and the scene would stay in the room and we could start the bloodhounds from it.

"Father Walser turned to me and said: 'I must break my fast, I cannot say mass tomorrow unless I have something to drink.' I decided to go to a saloon and get liquor. Father Walser was afraid to stay alone, so Officer Masters stayed with him. I took a gallon jug and went to the saloon. I have been accused by the stories which have been circulated that we were drinking before we went to bed. It is untrue.

"You have every confidence that Father Walser is not guilty of the crime with which he is charged?" "If Father Walser is guilty then I am guilty. If he should hang, then they ought to hang me. I know he is innocent."

Later in reply to the same questions, Father Reichlin said: "I have absolute faith in Father Walser. I know he is innocent."

TEAMSTERS MEET.

Last night's meeting of the Brotherhood of Teamsters, in view of the present dispute between the men and their employers, proved quite important. After going over the situation thoroughly the men agreed to meet the Draymen in conference tonight and discuss the halt a dozen exceptions taken by the employers to the schedule.

Thomas Gallego, president, presided. The meeting also reconsidered the action taken by the coal drivers. At a conference of a committee of the Brotherhood and the dealers held Sunday, the dealers presented facts regarding the use of gas and oil as fuel and the same time reducing the price of coal that induced the men to cancel the demand for a nine-hour day and work ten hours providing, the wages to be \$2.50 per day and 50 cents an hour for overtime asked. The dealers agreed to this.

The result of tonight's conference is awaited with interest. It may result in settling the strike or it may make the breach wider.

"There are no chances of a strike," said Secretary Robert M. Smith of the Brotherhood today. "We realize that our employers have invested considerable money in the business and we do not want to ask more than what is just. If they think our demands are unjust we are willing to arbitrate the matter."

ABE LEACH RE-APPOINTED PROSECUTING ATTORNEY.

ST. LOUIS LEPER ESCAPES.

ST. LOUIS, Missouri, May 5.—Dong Gong, the Chinese leper who has been in close confinement at Quarantine about two miles below Jefferson Barracks for the past year and a half, has escaped. Every effort will be made to apprehend him.

WAS NOT SAVED BY UNION CARD.

A union card failed to save John Brown from being sentenced at the hands of Police Judge Smith this morning on charges of drunkenness and begging. He was arrested last night for those offenses and in the Police Court this morning showed a union card, which he thought would give him his freedom. But Judge Smith said: "You may have a union card with you, but I think that if the unions knew that you had been begging on the streets they would expel you. Thirty days in the City Prison."

DEATH ENDED HIS JOURNEY ON TRAIN.

Thad Phillips Passes Away Without Warning.

Chatting With Friends When the End Came.

Thad Phillips, employed by the Southern Pacific Company in San Francisco as a salesman at the ferry building, died suddenly this morning while aboard the Seventh street local train, while on his way to his duties from his home in Fruitvale. Heart disease is supposed to have been the cause of death.

Phillips left his home in Fruitvale about 6 o'clock and in company with Alfred Gibbons, of that place, and W. F. Davidson, of 128 1/2 Twenty-third avenue, was seated in the smoker. He was laughing and chatting and seemed to be in the best of health and spirits.

Suddenly he clutched his heart and, without saying a word, dropped back in his seat dead. When the train reached the station at Seventh and Broadway the body was taken into the waiting room and from there removed to the morgue. The train on which Phillips died was in charge of Conductor Samuel Bones. The deceased was about 48 years of age.

WHITE TYRANNY IN THE CONGO STATE.

LONDON, May 5.—The Rev. William Morrison of Lexington, Va., a member of the American Presbyterian Mission, who is here on his way home after six years' work along the Kasai river, about 1200 miles in the interior of the Congo state, fully confirms the stories of the abuses in Congo administration. He has furnished an exhaustive report of the situation to the Congo state authorities, to the American and British ministers at Brussels and to Foreign Secretary Lansdowne, detailing the results of his personal investigation and showing that the situation is daily growing worse as a result of the rubber monopolies introduced on forced labor, virtually amounting to slavery.

On his way to the coast, Rev. Mr. Morrison covered 800 miles on the Kasai river, formerly thickly dotted with villages, and he says there are now fewer than a dozen villages there, the people having fled into the forests to escape the tyranny of the whites. It is impossible for the natives to get any redress from the Congo state officials for the abuses to which they are subjected. Rev. Mr. Morrison sails for New York May 9 and will furnish the State Department at Washington with further evidence on the subject.

PLEADS WITH COURT TO SEE CHILDREN.

Walter Earl, arrested on a charge of drunkenness, told to Police Judge Smith this morning a tale of family troubles that softened the court's heart and caused him to give Earl his liberty. According to Earl he has been separated from his wife for some time, she having the custody of their children. Last night he went to visit the children and was promptly had him arrested for drunkenness.

"I realize now that it is useless for me to come my wife to live with me again, but I wish that I could see my children once in a while without being in danger of arrest at her hands," said Earl, as he was told by the court to leave and stay away from his wife.

RESIGNS AFTER MANY YEARS.

INSTRUCTOR SAPH TO LEAVE UNIVERSITY FOR OTHER FIELDS OF DUTY.

BERKELEY, May 5.—After a residence of thirteen years at the University of California, both as a student and instructor, August V. Saph, will resign from the Department of Civil Engineering.

Saph has been offered two positions, both more lucrative than his present one, the first with one of the Eastern Universities, the second with the Government.

The retiring instructor was graduated from the University in 1894, and took his master's degree two years later. For two years, he studied at Cornell, his excellent work having won for him a fellowship. But, with the exception of these two years, he has been connected with the High School and the University so long that it will seem strange not to see his familiar figure about the campus and about Berkeley.

DEATH PUTS AN END TO LONG SUFFERING.

BERKELEY, May 5.—After years of patient suffering, the last three months of which she had been forced to pass in her room, Mrs. Elizabeth P. Poland passed away at an early hour this morning.

The cause of Mrs. Poland's illness and the ultimate cause of her death was rheumatism, which had rendered her unable to get about for the last eight or ten years. The deceased was a native of Standish, Maine, eighty years of age and a widow. For the last two years she had lived in Berkeley at 2411 South Atherton street. She leaves two children, Mrs. Poland and Mrs. T. W. Morris. The remains will be sent to San Jose tomorrow for interment.

A Farmer Straightened Out.

"A man living on a farm near here came in a short time ago completely doubled up with rheumatism. I handed him a bottle of Chamberlain's Pain Balm and told him to use it freely and if not satisfied after using it he need not pay a cent for it," says C. F. Rayder of Patience Mills, N. Y. "A few days later he walked into the store as straight as a string and handed me a dollar, saying, 'give me another bottle of Chamberlain's Pain Balm. I want it in the house all the time, for it cured me.'" For sale by Good Bros., Druggists, Seventh street and Broadway.

TART and PENNOYER

BROADWAY AT FOURTEENTH OAKLAND, CAL.

TAXES NOT PAID.

It was discovered yesterday that the Southern Pacific Company owes the County of Alameda \$2491.40 in taxes for the years 1898 to 1902 upon the building at the end of the broad gauge mole. This property was supposed for a long time to be in the city of Oakland but by the decision of the Supreme Court it is now only within the county.

Better Than Gold.

"I was troubled for several years with chronic indigestion and nervous debility," writes F. J. Green of Lancaster, N. H. "No remedy helped me until I began using Electric Bitters, which did me more good than all the medicines I ever used. They have also kept my wife in excellent health for years. She says Electric Bitters are just splendid for female troubles, that they are a grand tonic and invigorator for weak, run-down women. No other medicine can take its place in our family. Try them. Only \$1.00. Satisfaction guaranteed by Good Bros., Druggists, Seventh street and Broadway.
